

## Ontario Regulation 612/00

Did you know that School Councils are required, and their purpose is mandated by Ontario Regulation 612/00? It says:

The purpose of school councils is, through the active participation of parents, to improve pupil achievement and to enhance the accountability of the education system to parents.

A school council's primary means of achieving its purpose is by making recommendations in accordance with this Regulation to the principal of the school and the board that established the council.
